

Dear Jeff:

Jan 25, 2015

On behalf of my father and my family I should like to thank you for coming into our lives and providing quality medical care to my father. It was so timely and brought me so much peace of mind. I commend you and your team at Doctors Realty House for doing yeoman service in this community.

My father liked all the attention he got from you and for assuring him he was fine, given the circumstance. Thank you so much for your guidance, recommendations and addressing all our questions and concerns. It was a pleasure to work with you.

Thank you,

Regards,

J. Chayer
