Dear Dr. Kronhaus,

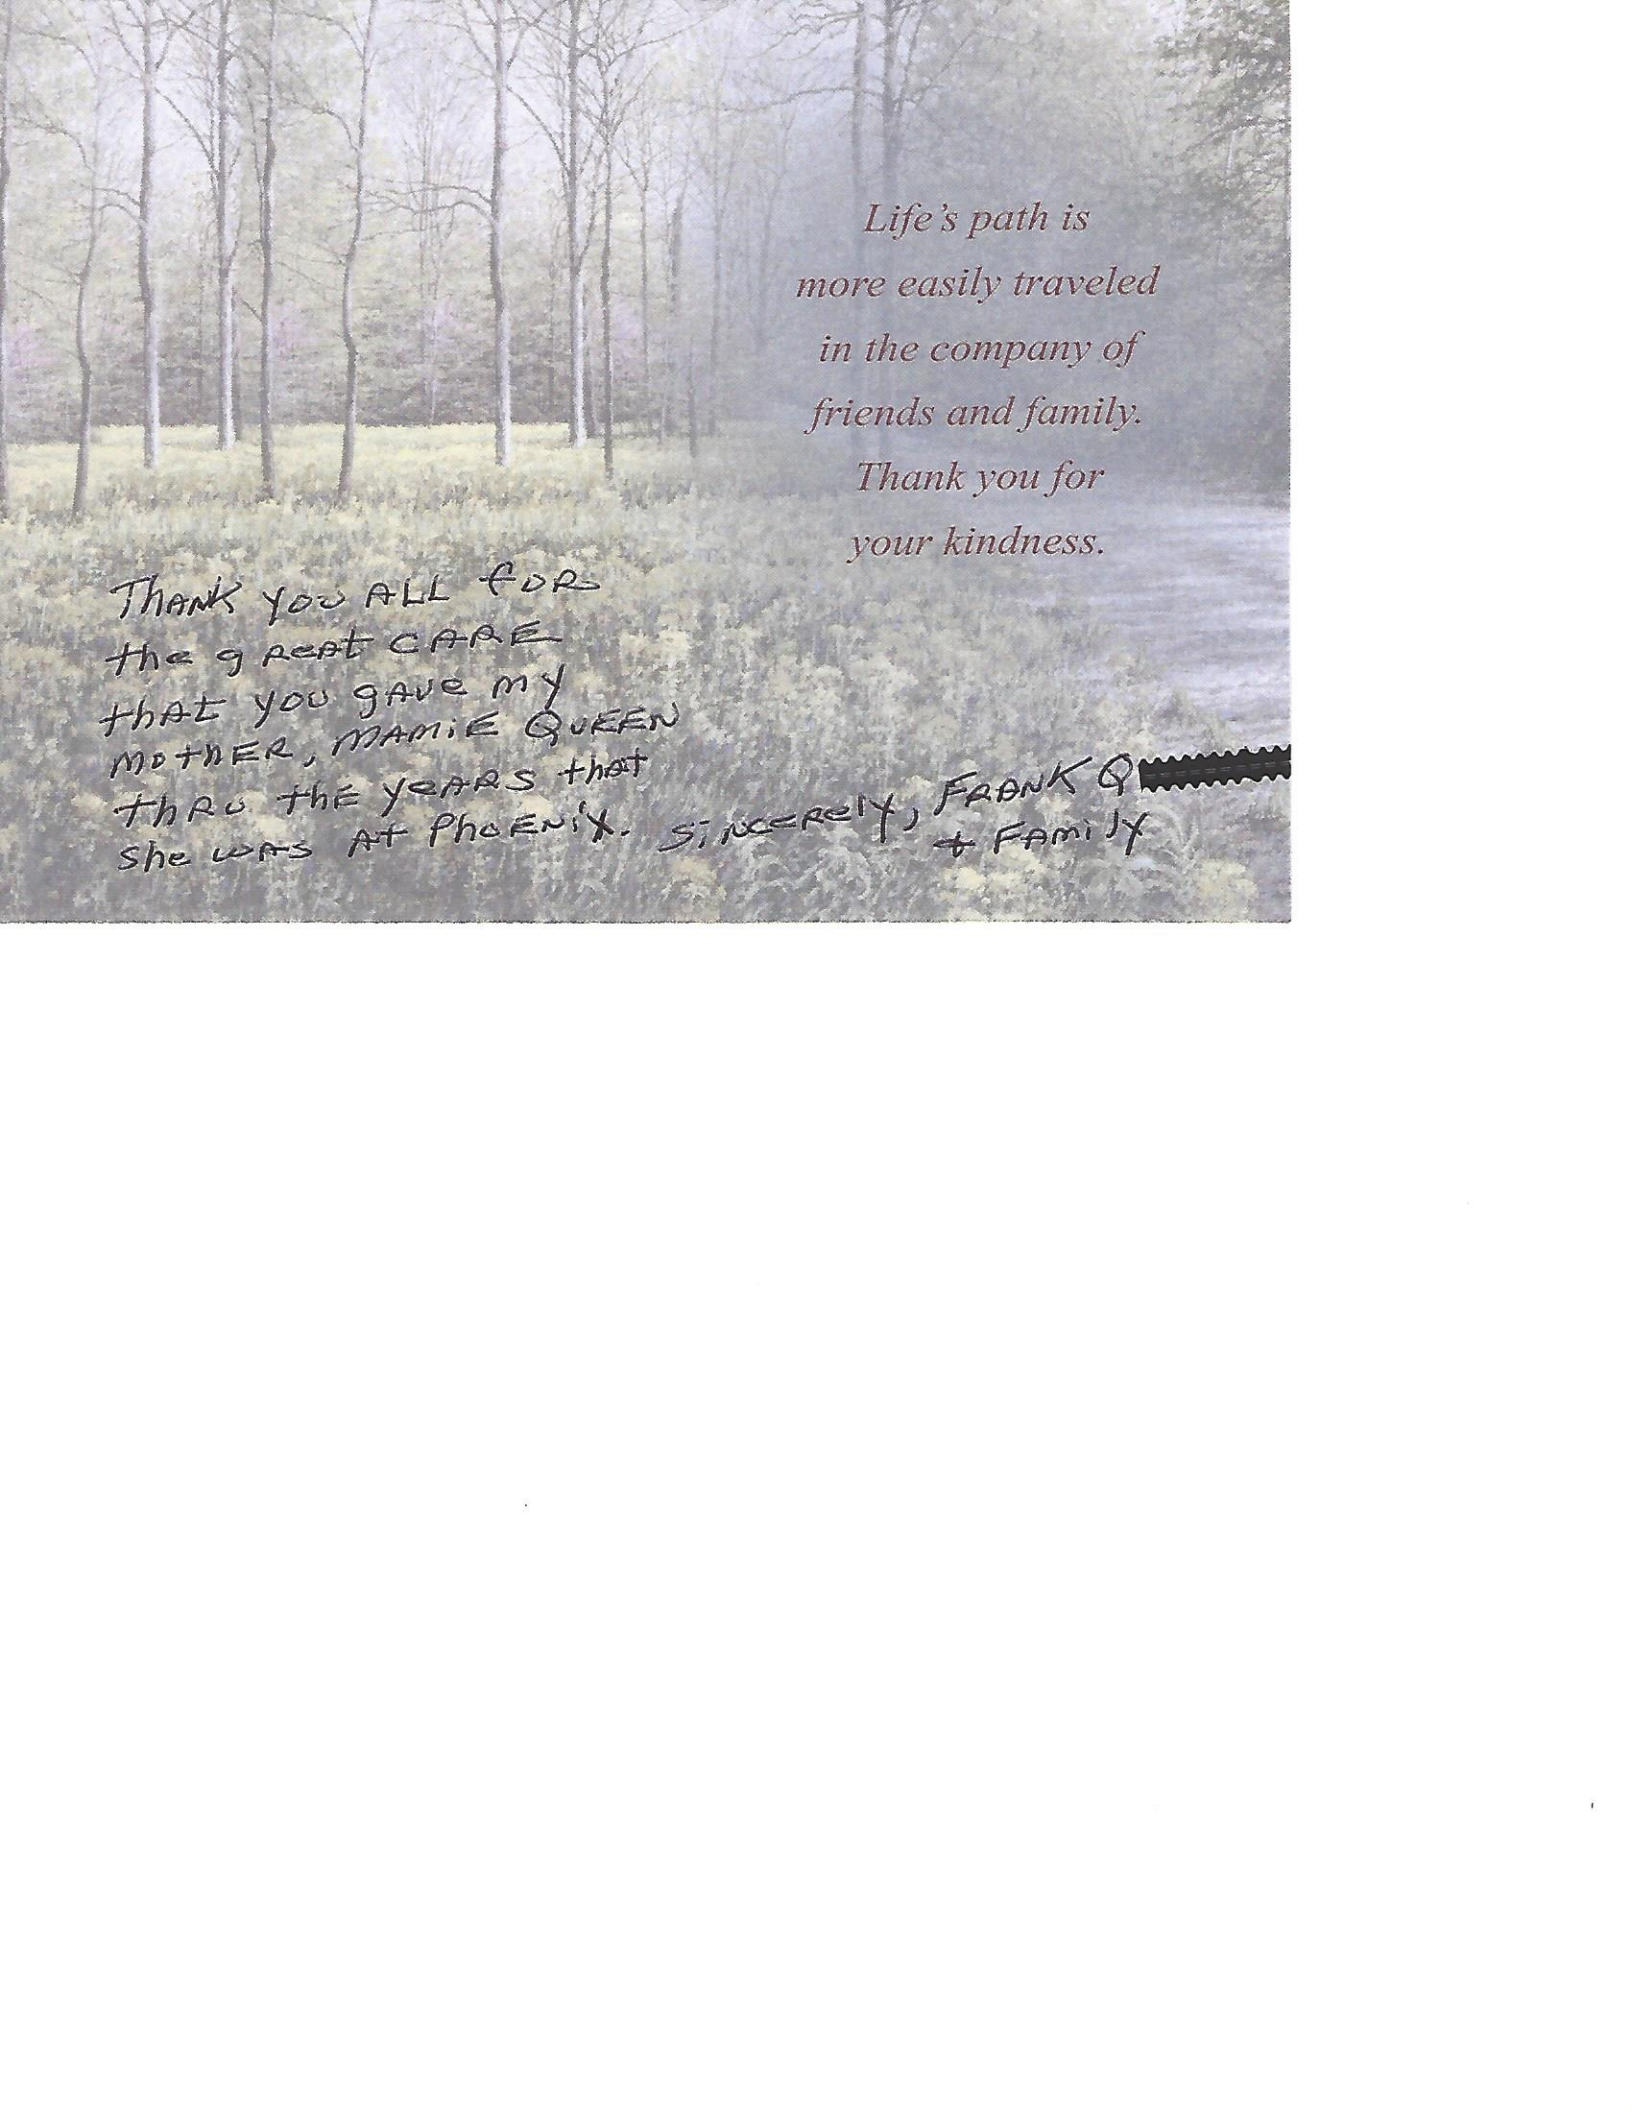

Please accept this letter of recommendation and gratitude for Dr. Peter Russ on behalf of the daughters of Vida D. Partin. Our mother resided at Arbor Terrace, assisted living facility, located at 3199 Sweeten Creek Road, Asheville, North Carolina. Mother died last week on Tuesday, October 13, 2015, passing away peacefully in her room with loved ones at her bedside.

Mother's Primary Care Physician, Dr. Russ, attended to mother's many medical needs throughout the six months of her residence at Arbor Terrace. His compassionate care and understanding of the unique needs of the elderly were evident each visit he had with mother. He addressed each medical issue with expert precision, but the respect and concern he showed for her as a valued individual was the quality that resonated with the family. Over the months, he helped us understand the ramifications of her congestive heart failure and provided guidance as we ultimately requested Hospice for support during her last weeks of life.

Dr. Peter Russ provided exceptional medical and personal care for our mother. His words of comfort and support during our darkest hours will never be forgotten. We just wanted you to know what a fine man you have on your team.

Respectfully,

A handwritten signature in black ink, appearing to read "Alan Kronhaus", is written below the word "Respectfully,".
