

Dr. Taavoni,

Thank you for giving me the opportunity to provide quality healthcare to our patients in their homes. It was a great experience, and I learned a lot in my 2 year journey with the company. DMHC provides a much needed service to an ever growing population, and I have no doubt you will be around for years to come. While I say goodbye to the company, I will take you all with me, and whenever I see a need for your services, won't hesitate to refer. I am especially grateful to the wonderful support team you have in place, as I don't think I would have survived the rough days without people like Janel, Michelle, Tiffany A, Marie, Peter, Shantell, just to name a few.

Thanks, and all the best to you, Dr. K and the entire DMHC family.

Sincerely,

Bukie Adefabi
