

I would like to share my high opinion of the Doctors and Physician Assistants that have cared for my parents at Elmcroft in Raleigh. Everyone of them have been great and I would be happy to have them be my medical providers if I was needing care.

Specifically, the doctors have been Dr. Ladak,, Dr. Channappa,, and Dr. Khara and the Physician Assistants have been Canaan Blake in 2016 (I'm not sure if I have the name exactly right) and Leanne Minnick in 2017. They have all been caring and provided good medical care.

Thank you,
