

Dr. Narine,

I cannot thank you enough for the time and attention you provided for my Mom today, Mildred. We are BRAND NEW to DMHC and I can't say enough wonderful things about the service we have received thus far! Rayna was terrific in triaging the call and was excellent in her follow up with me!

I am an RN and so is my Mom so we did not want to take any chances sitting on a possible DVT for three days! Thanks again for your care, compassion, and wonderful communication! We are your biggest fans!

Warmest Regards,
Carolyn K. & Millie D.
