

December 21, 2016

As the saying goes “it takes a village...,” and for our family Doctors Making Housecalls is a major part of that. The care and attention given to my parents at Magnolia Glen has made it possible for them to reach 88 and 97 years of age and still be together after 67 years, and for our family to be able to enjoy having them. Dr. Nanjagowder has made such a difference in our lives. He has gotten to know them well and his gentle manner coupled with his professional skills is comforting and reassuring to all of us. They have had many health issues in the past 4 years and we trust and rely on his doctoring – an invaluable resource. We always know he is a phone call away and that they are in good hands.

We commend him and your whole staff for being there for us and look forward to good health in his care for the New Year.

With our appreciation,

Elissa O. (daughter)
