Dear Dr. Taavoni:

My husband, Theodore Speyerer, has been a bed bound, compromised patient for the last several years with Doctors Making House calls. Dr. David Fisher has been his treating physician for the last several years.

Teddy and I wanted you to know how pleased we are to have Dr. Fisher as his doctor. Dr. Fisher addresses all Teddy's issues in a caring and concerned manner, giving his all to his patients and their families. He shares his knowledge with my husband and me regarding treatment, medication and addresses our concerns.

Dr. Fisher is an asset to your practice, his patients, interfacing with other physicians involved in Teddy's care and the community.

Sincerely,

Barbara Hennn Speyerer
Theodore's spouse
