Dear Dr. Taavoni and Dr. Kronhaus,

Thank you for the opportunity to work with Doctors Making Housecalls. I cannot imagine a better company, or more rewarding work, than I have found these last two years.

Doctors Making Housecalls gives providers unmatched flexibility and independence that was a blessing as a new PA. At the same time, there is a close network of providers who I have learned endlessly from. The office staff was always friendly and efficient, and I have made lifelong connections here.

Through Doctors Making Housecalls I learned more about Geriatrics than I ever could have imagined. I will undoubtedly be applying this knowledge for the rest of my career, and for that I am eternally grateful. Doctors Making Housecalls provides such a critical service in such a personal way; I will cherish the bonds I made with my patients and their families forever.

Thank you for always answering my questions promptly, and for your guidance on both the clinical and business aspects of patient care.

I hope that we can stay in touch, and if ever I am back in North Carolina, perhaps we can work together again. Thank you again for everything.

All the best to you and the entire DMHC team!

Sincerely,
